

ALL SURFACE CLEANER

Dissolves and removes all types of dirt and oil in seconds, shines and polishes surfaces (dining tables, elevators, toys, kitchens, furnitures, etc.) like new, with a gentle scent that lasts for days.

Naturama is an ultimate powerful 100% GREEN cleaner, degreaser and sterilizer liquid concentrate for Oil and Dirt purposes.

Cleans, sterilizes, removes and dissolves fats, soil and dirt instantly.

Burnt fats, grease, soot, charcoal coal and sludge.

Leaves a natural plant essence, environmental and user friendly.

NATURAMA will clean any kind of oil based dirt, in a much more efficient way from any other caustic cleaning agent.

NATURAMA is non-caustic and non-toxic and will not harm the human body (skin, eyes and lungs), metal, plastic, leather or other materials.

NATURAMA has been approved by the EU Standards and are classified to be in the highest level of biodegradability (immediately biodegradable).

NATURAMA's specialty and excellence has the perfect ability to dissolve oil, detach and remove various types of fats, dirt, grime and waste.
