

## TEXTILE PERFUME ESSENCE

The Carpet perfume essence is used in an industrial sprayer after being diluted in a ratio of 1 essence to 2-9 bottles of water for two main purposes:

1. To perfume large or public areas (corridors, event or conference halls).
2. In odor "contaminated" places, to eliminate the problem and leave a gentle and pleasant perfume scent that will last up to 3-4 days.

Same datasheet as the Ready-To-Use Formula:

The fabric perfumes are made of JUST pure perfume essence and distilled water!

Our Textile perfume is 100% ecological, and hypoallergenic, which makes them safe for babies, children, and people with allergies or chemical sensitivity. All products are non-caustic, non-ionic, ozone-safe, non-flammable, and totally free of detergents, salts, oils, soap, or alcohol.

Sprayed on the fabrics themselves it eliminates bad odors while leaving a gentle and fresh scent.

The Textile perfume sprayer allows you to spray a gentle and refreshing scent around the sofas, linen, curtain, carpets, mattresses and all kind of textile without staining or damaging any fabric.

- Its Non Toxic
- Its Stain Free
- Its Child Friendly
- Its Non Flammable
- And it works !!!

**Fragrances:** Lake Flower, Magic Garden, Spring Forest

Our Perfume works in 3 combined levels:

- Bad smells neutralizer - smoke, food, sweat, urine, etc.
- Defense shield against bad odors.
- Exquisite perfume spreading a gentle, fresh & clean smell.

### Notes:

- 1) We can supply a 5/20/100 liter tanks as needed (we sell 500cc bottles as sample only).
- 2) Bottle contents is 500cc/ 17 fl. oz.
- 3) In order to keep it environment friendly - a refill can be purchased and you could continue using the same sprayer.

### Usage:

Can be used on any given fabric without staining or damaging, adding a natural scent and eliminating bad odors. The whole area smells fresh and clean lasting up to 2-3 days.

Some of its applications:

- Carpets
- Grants your pillows a great scent.
- Garments, either worn or in the closet
- In car fabrics, seats, trunk...
- In case your kids wet the mattress

- Sofas
- Curtains
- Great for eliminating cigarettes smoke absorbed in fabrics
- Hotel rooms...

- 1) pure the 500cc bottle into the industrial sprayer
- 2) add water in ratio of 1-9 (1-9 500cc bottles of tap-water)
- 3) slightly shake the industrial sprayer
- 4) pump air into the industrial sprayer
- 5) spray on the fabric from 20-30cm.
- 6) Enjoy.

## **SPECIFICATION**

Physical Data :

Appearance:	light yellow liquid
Odor:	strong flowery fragrance

Melting Point:	ND
Vapor Pressure:	ND
Vapor Density:	ND
Water Solubility:	complete
Evaporation Rate:	ND
Percent Volatile:	None
PH:	7.1

The products use no animal products and are not tested on animals. Our Textile perfume is readily biodegradable and conforms to European Standard EN1276. The delicate product fragrances are created with the world's purest perfume essences developed especially for Merlin Tao in Grasse, France.

Our new developed products already scent hotels, yachts and offices around the world.

Our Textile perfume is using state-of-the-art molecular technology to selectively destroy unwanted odors naturally at the source, without masking, and enhance your surroundings with long-lasting all-natural fragrances. With every use, the products penetrate deeply to create a protective shield that gradually prevents odors from clinging to your clothes, shoes, or surroundings.
